one step closer

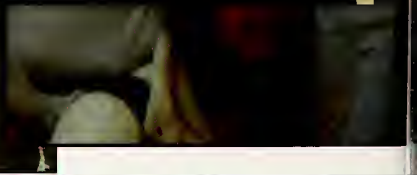

Everyday, Lincoln students ascended the myriad of steps within and surrounding school. With each stride they took, they found themselves nearing the end of a chapter in their lives and slowly unfolding the beginning of another. Seniors drew their journey as high school students to a close and at the same time, anxiously stepped out into the real world as grown and mature adults. They are *one step closer* to living out the life they have modeled for themselves for the past four years. The departure of seniors has brought juniors *one step closer* to the role of school leaders and role models, being that next year will be the final element of their high school experience. Sophomores are halfway done with school and on the stepping-stone to being upperclassmen. For freshmen, this year placed them *one step closer* to grasping a complete sense of belonging and acceptance to the Lincoln family. We have all taken different steps in our lives to achieve our goals. The close of the school year has united us as friends, classmates, and students, and has brought us *one step closer* to our personal hopes and dreams.

Ever since I met you, I knew you were someone special. Your smile brightens up my day. Now that you are graduating, I think you should know that you mean the world to me, and always will.

Waiman Pon

I realized there was something about you the day you came up to me, introduced yourself, and shook my hand. Now, three years later, you're graduating. I just want you know I think you're absolutely the perfect eye candy.

Sapphire Huey

You captured my heart from the first time I laid eyes on you. I get lost in your beautiful brown eyes. I just sit there and sigh, wishing that we could be together. --Brandon Lim

Tedman Cheng

Cute enough to make you look twice.
Sweet enough, but not too nice
A little crazy, but not too wild
The kinda boy that'll make you smile.

Jennifer Chow

Damn, I just had to let you know that you are the cutest girl that I've seen. Too bad I can't tell you that in person because I am too nervous to say anything to you! Peese out, and have a great junior and senior year. --JS

Friends Forever

What do a rocker, a car fanatic and a cheerleader have in common? Nothing- yet they are the best of friends in our diverse community of Mustangs. To many, friends are the backbone of our crazy life in high school. As different as each person is, friends shape and define who we are. We may go through rough times with friends, but we always overcome obstacles because we have friends. Friendship lasts forever, through good times and bad. They are there to support you when you feel the rest of the world is against you. You can always depend on them whenever you're feeling down since friends are made to share the tears and joy. Cherish your high school friends for the memories you have shared throughout the years!

InStep, In Style

Girl's Fashion:

Some say that the colors you like reflect who you are. Serene and calm people tend to like blue, while cheerful people seem to love yellow, and red lovers often come with a glow of passion. On the fashion perspective, would that hold true for the colors we choose to wear? Well, that would be hard to tell, wouldn't it? In any case, whatever the answer to that may be, one thing is certain: a girl's style is one of her biggest forms of expression and personality.

In Step, In Style

Boy's Fashion:

What is it that makes a girl notice a guy? Is it the hair? The adorable smile? Or is it the mysterious eyes? While those qualities may make them glance back for a second look, there's one thing that will do that and more. This one thing is his style. In addition to making a girl fall head over heels, an amazing sense of style will allow her to get an idea of what type of guy he really is. Guys, with this in mind, next time you dress, be sure you dress to impress.

Tattoos and Piercings

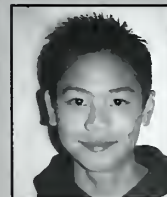

You're sitting in a dentist's chair, looking at the artist cleaning the needles. Your adrenaline is pumping and your palms are sweaty as the smell of rubbing alcohol begins to dominate your nostrils. The man with the needle walks over to you and runs through the safety precautions, but the only sound you hear is the buzzing of the needle machine. You close your eyes, squeeze your fists tight and before you know it you have the design of your dreams permanently inked on your body forever. Many students at Lincoln High

School go through this tedious procedure to get a permanent design onto their body. Tattoos and piercings are popular with young teens because there's nothing that a teen wants more than to be unique and what better way to express one's individuality than to permanently change a part of your body. In addition to being unique, tattoos and piercings are also a form of art expression. As hard as the decision may be, many students overcome their fears and endure the pain of having a tattoo or piercing done in order to show off their individuality.

If you were to get a tattoo or piercing, where/what would it be?

Halloween

Steppin' into costume

What's going on? A life size Sponge Bob walking to your right, the quicky Ace Ventura Pet detective is down the hall, and behind you is the captivating Tinkerbell from Peter Pan. Puzzled, you ask yourself, "Where am I?" You stop and think for a minute and all of a sudden it makes sense... it's Halloween! It's the one and only day out of the year that you are allowed to get away with wearing anything and everything by simply using the excuse, "But this is my costume!"

Whether they were dressed just for fun, to Trick-or-Treat, or to go Castro later at night, costumed students and teachers left an impression that has made us think of Halloween in a whole new way.

Freakin' on Friday the 13th!

It's the unluckiest day of the year—a day of ill-starred omens, misfortune, and all-around bad occurrences. But this was not true for the Mustangs. Lincoln's very first dance of the year turned a day of falling pianos and muddy puddles into a freak night of dancing, grooving, and a union of Mustangs, old and new. Friday the 13th's Freaky Friday dance reintroduced the sound of popular music and the rhythm of swaying bodies to the North Gym, which was transformed into a dance hall for one night.

That night, however, was enjoyed by only a small fraction of Mustangs. Lincoln's first dance has traditionally been a sort of stepping stone up to the more extravagant Homecoming Dance, and indeed Junior Ronald Xie remarked that the dance was "too small."

That couldn't stop diehard senior Steven Tang, whose resounding counter-remark was simple, "I came here because I love to dance!"

Wild dancing Junior Melissa Ho was finally able to sum up the whole night in a sentence: "Dis dance be hella tight!"

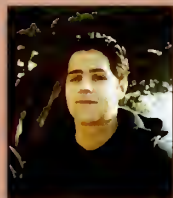

"Spirit week was funnnnnnn!"
-Vivian Nguyen

"It is good that everyone showed their spirit."
-Ming Chen

"I think spirit was excellent."
-Matt Milan

"I think it was fun to see the school having spirit and to see different classes having spirit."--Shamia Hussein

spirit week

This year spirit week brought out a different feeling in everyone. The week began on the Monday following the Giants World Series upset, which really put a damper on Sports Day. Many who would have normally participated were torn between following the spirit day schedule and donning the dress of the losing Giants. But by Tuesday, spirits were up, just like many of the crazy hairdos students created. Crazy hair day accompanied PJ day, so many people took advantage of the chance to cozy up in their bedroom wear, for a

relaxing day 2 of spirit week. The middle of the week had people wearing their clothes backwards and inside out! Thursday, Halloween, made it a tough decision for students who wanted to show their spirit and dress up in costume. There were red and gold ghosts, and even the Mustang came in drag. The end of the week called for Hawaiian shorts and leis, and made everyone wish they were on vacation. Luckily, the weather for spirit week was almost as nice as the weather in Hawaii, making this spirit week a memorable success.

Octoberfest

Step Right Up

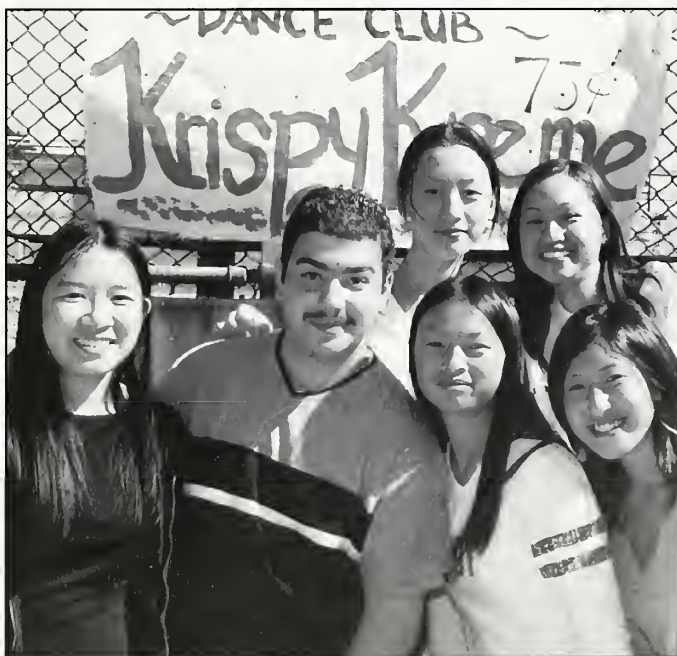

"Rumble! Rumble!" says Lincoln's annual Octoberfest is your stomach. "Hold on!" you say. the first major event of the school "Today's Octoberfest." Your year and, to many, the best. The stomach quiets down, knowing shortened day followed by a that in a few short minutes your festival allows students to bleed last class will be over and you will off the stress of the return to be free to drift from table to table, school and allows kids to learn able to sample tasty foodstuffs how fun and diversified Lincoln from any of the clubs and really is when it comes time to organizations being represented. party.

Bell Rally

Step into the spirit

To the untrained eyes of outsiders, the swarms that walked towards the Lincoln football field after the fourth period bell appeared to be nothing more than a plain crowd. However, in the eyes of the Senior Soldiers, this was the rally they had been waiting for, for the last four years. Aside from being the rally in which the entire school converged together to wish the Varsity Football team good luck, this was also the rally that proved to the panel of judges, and the entire school, which class was really the most spirited.

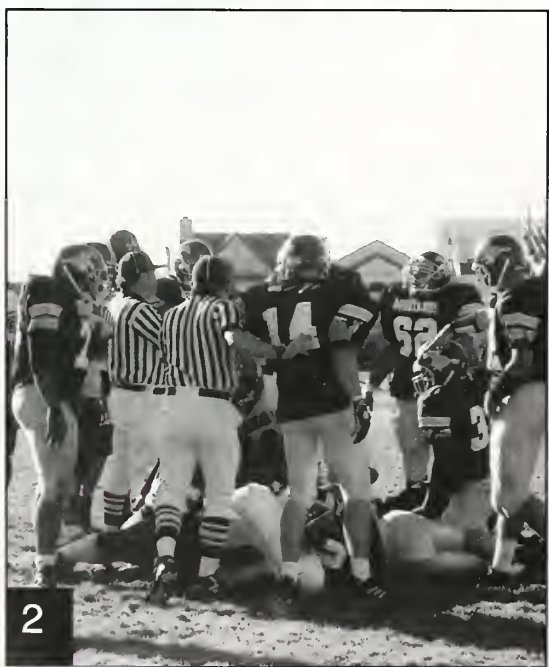

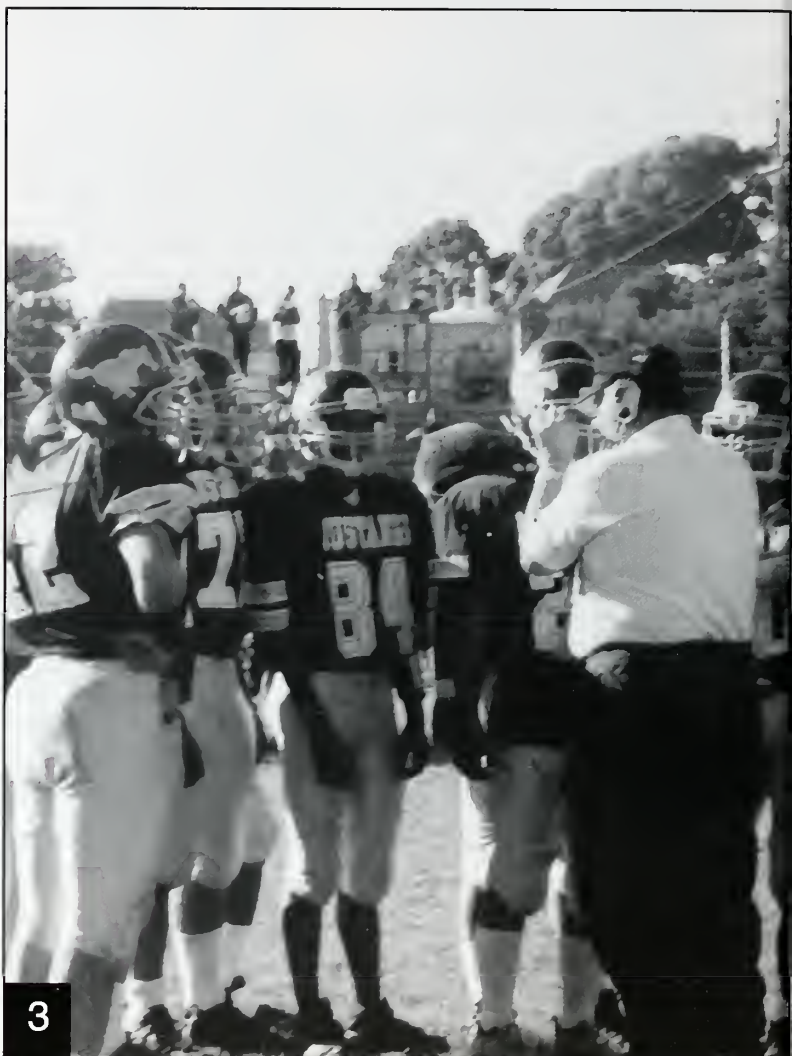

The rally began with an introduction of all the sports teams, and was followed with an exceptionally stunning performance delivered by all the cheerleaders. The rally ended with the traditional swaying of red and yellow balloons as each of the classes sang along to the Lincoln Hymn.

1. Ms. Mo shows her mustang spirit. 2. Mr. Pang leads the Senior Soldiers in singing the school hymn. 3. Loud Luis! 4. Michelle makes noise for the softball team. 5. Najwa stands out in style. 6. Juniors looking rejuvenated! 7. Fresh spirit!

1) Rich looks to the sideline for the next play. 2) The refs peer along with the rest of the team to see the impressive yardage gained. 3) Huddling and listening attentively as Coach Baxter tells them what needs to be done in order to execute the plays, and score. 4) A touchdown pass to Brian Yee followed this line up.

Bell Game

Steppin' onto the field

The anticipated rush of adrenaline glared through the eyes of the Lincoln Varsity Football Team as they marched onto the field, ready to defeat the George Washington Eagles at their 60th annual confrontation.

The red and gold painted bodies and faces that were in attendance at the Bell Game Rally earlier that day returned once again to the Lincoln stands to lend their support and to cheer on the team. With the coveted Bell Game trophy at stake, and the spirited parents, students, and teachers in the stands, the Mustangs charged

with intensity and ran the ball with fury. Alumni came from far and wide to watch the Mustangs fight to get the Bell back.

Despite relentless efforts to capitalize during their drives along with an unstoppable offense in the 4th quarter, the Mustangs fell short of victory in a 40-20 loss. Still, they trotted off the field with pride, knowing they had tried their best and that next year, the Bell Game trophy would be coming home to the Lincoln trophy case for sure.

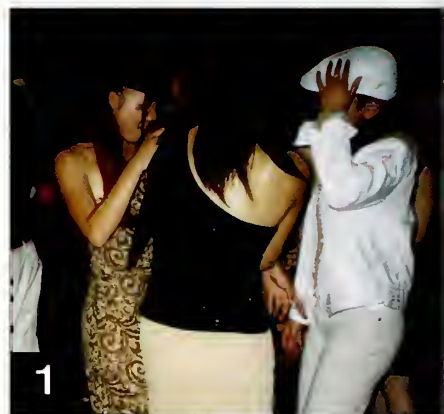

Ahh.. the Victory Bell Trophy. Look how it shines!

HOMECOMING

A Golden Night in the City

Why are there so few people here?" This was a question heard amongst quite a few students when they saw an empty dance floor. Yes, it's true that the attendance for this year's homecoming dance was less than expected, however most students were eager to make the most of their night, and people gradually stepped onto the floor and started dancing the night away. Soon, students were busy dancing, taking pictures, and just sitting around and having fun with friends. As the last dance of the night approached, it became apparent that although this year's homecoming dance was certainly not the best ever, it was definitely one to remember.

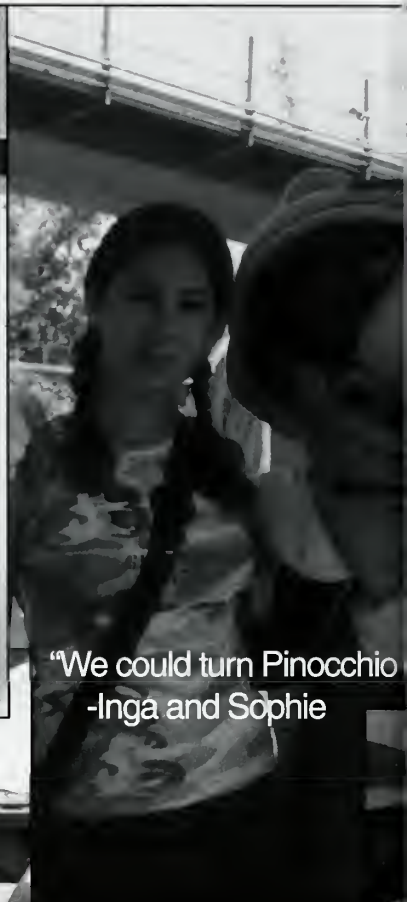

1. Shake your 'bon bon'! Shake your 'bon bon'! 2. Juniors (l-r) Vicki Chew, Connie Ng, Alyssa Cartago, and Melissa Lew represent! 3. Back that thang up! 4. Why are you looking at the camera, Ming? BANG! The stunning conclusion to this year's fall play left audience members both surprised and pleased. Performed and crewed by Lincoln students, and directed by Drama Department Head Ms. Walenta, Agatha Christie's *And Then There Were None* utilized a combination of well crafted sets, frightening lighting, and a cast second to none. Playing to packed houses for only four nights, *And Then There Were None* made its audiences laugh, scream in fright, and puzzle over whodunit.

It's a special night. Bedrooms are empty and restaurant are full. Girls are doing each other's hair and putting on make up while guys are practicing their "moves." Finally, the DJs are ready, the doors open, and the guests begin to arrive. After weeks of waiting, planning, and hoping, the night has finally come. "The Black and White Ball" was held on Jan. 25th at the Regency Center. All night, dancers swarmed the floor to a good mix of fast and slow songs, while others patronized the fortune teller, caricature artist, and the free snacks and drinks. As the dance drew to a close, students left to go home and think about the night's events or instead decided to continue the evening's revelry, knowing that the night was one that they would never forget.

I Heart You!

"I Heart You". So it sounds a little weird when you say it, but if you see it in your head it makes sense. Either way, Lincoln's Valentine's Day dance, held in Hino Gardens, was a load of fun. Students were sizzling with anticipation, after the week's dance date auctions had the school's cash flowing for a chance to dance with that special someone. Decorations were painstakingly handcrafted and arranged by some dedicated seniors, setting the stage for a long night of dancing, jamming, and unrestrained merry making.

Talents

Stepping into Employment

Academy of Finance

The Academy of Finance is a program that gives students the opportunity to experience having a job firsthand. With the help of a mentor, students experience different career options and, during the summer, apply to internships for various jobs. Students are also taught accounting and banking, valuable and useful skills, in class. Along with credit, students are ultimately rewarded with skills they will apply throughout their lives.

Closer to the Cash

“Money doesn’t grow on trees.” We’ve all heard it, but do we all listen? The students of Cooperative Vocational Education class did, and now they’re working on toward building themselves a secure future in employment. Those that don’t already have jobs are learning everything they need to know to get one. So if you ever need money don’t look for it on a tree; instead get a job, like the students in CVE!

Closer to Creativity

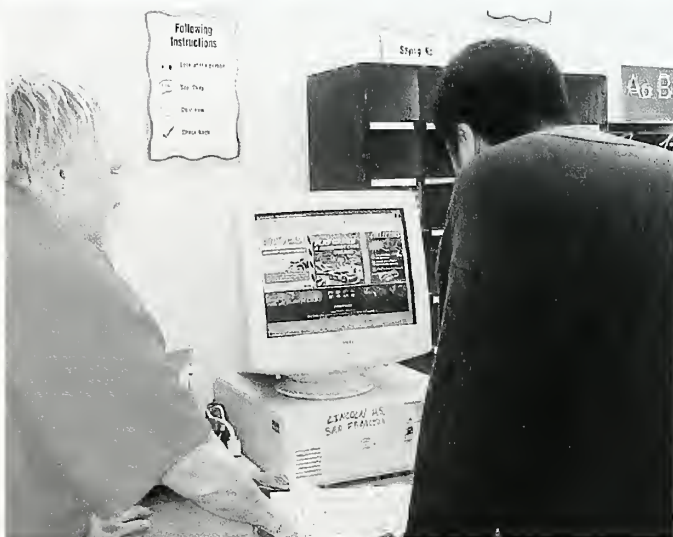

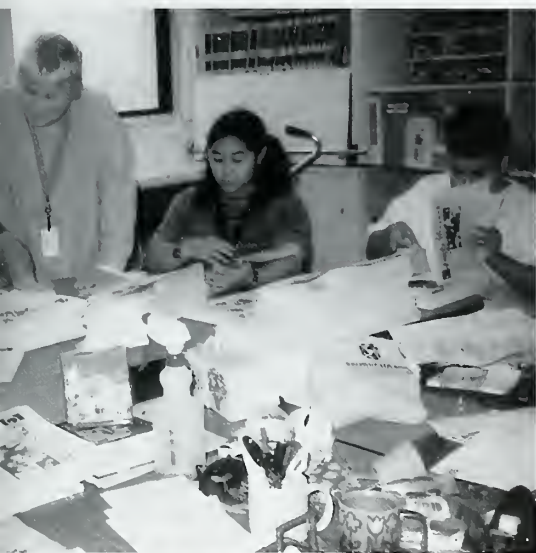

Special Education

What is a school without special education? How else do students who live and learn differently get an education? Without a special education

program at our school. Many students deprived of an education because of a physical or mental

impairment. The dedicated staff and faculty members are hard at work ensuring that these students get the best possible education while helping them reach their own personal goals.

Closer to physical fitness

For some, Physical Education is great; it is a class that requires no thinking and no homework. On top of that, grades are based simply on running around and playing sports! However, to the less active students, P.E. is a drag; a tiring and endless period that is especially strenuous when run day involves running around the enormous reservoir... twice! Regardless of whether students like P.E. or not, they have no choice but to take it for at least two years. It is a graduation requirement that many teachers hope will get students used to exercising daily now, so that they will continue when they are older.

Freshmen have to take Health Ed., Career Ed., Driver's Ed. as a graduation requirement. Health class lasts a semester, while Career and Driver's Ed. only last half a semester each. By the end of each course they will have learned lessons that will prove extremely useful after high school. These lessons include: the importance of good nutrition, exercise, responsible decision-making, driver's training, as well as college information and career planning. Hopefully, the knowledge they gain in these classes will stay with them through high school and through life.

1) These models of the reproductive system are shocking students. 2) Don't they look eager to learn all about driving? 3) After the end of this class, they'll know how to write a superb resume. 4) Mr. Merillion is explaining who gets the right of way. 5) Trying to get an early start on career planning. 6) In order to eat healthy, these students advise us to follow the food pyramid.

The Army Junior ROTC program complements the curricula and overall educational programs of America's high schools, offering students a unique opportunity for personal growth. For a single course, JROTC is remarkably comprehensive. To a base of American citizenship and history, we add a battery of values and skills indispensable to success in school and beyond. We teach self-discipline, confidence, organization, ethics, integrity, and responsibility. We train students to think on their feet, to make decisions, to work as team members, to motivate themselves and others, and to lead. JROTC instructors teach as much by example as by syllabus. They serve as role models for their students, and as mentors who provide strong incentives to stay in school and graduate. That the program succeeds is clear from this single fact: in some schools, JROTC seniors graduate at a rate that's 20% higher than other seniors.

One of Their Coolest Summers: Summer Search

"Where did you go this summer?" While the rest of us are lamely replying with "summer school" and "grandma's house", Lincoln's participants in the Summer Search program will be reciting long ballads about all of their exotic and exciting adventures. They are a select bunch, first earning exceptional grades and then surviving a grueling interview. Truly these students earn the "vacations" that they go on, whether it really is an adventure, like climbing a mountain, or something relaxed, like studying at a world renowned educational institution. Whatever they choose, one thing is for sure: they'll never have a boring summer!

Scholarship for Service

is the motto of CSF. All active members at Lincoln do at least twelve hours of community service per semester. Some members do far more, making a real impact in the community and earning the President's Student Service Award for over 100 hours. Combined these fourteen students have volunteered over 1800 hours.

Closer to your Peers

The peer resources program at our school is one of the strongest in San Francisco. This reflects on our wonderful student body who are more than willing to uplift each other. This is the second time in four years that Lincoln has been selected to represent San Francisco at the California association of peer programs. It is also an innovative youth leadership training and support program. 35 students guide an additional 200 students as they assist their peers through peer education, mentoring, conflict management, student outreach, health education, and student support.

Why did you join Peer Resources?

**Sophie
Bella
Kitaynik**

I joined peer resource because I wanted a place to go where I can open up and share my feelings. I also wanted to help my peers and be there for them because after helping someone I always feel good about myself.

**Christian
Saad**

I joined peer resource because I didn't know a lot of people freshman year and I wanted to make friends and everyone in peer resource seemed to be friendly. And now it makes me feel good because i get to help other students that use to be like me when I was a freshman.

**Jennifer
Estevez**

I joined peer resource because they opened their hearts like another family to me and each day I learn something new which helps me as a human being. With me joining peer resources, it has helped me open doors for my future

Mock Trial

Stupendous. If one word can be used to describe this year's Mock Trial team, then that would be it. It may be hard for one to imagine how much dedication is required in order to prepare for these cases, but try to imagine: Months of training from professional lawyers about everything from when to burst out "Objection!" to when the right time to stand is. In addition, hours upon hours of research and studying is necessary, so that when the big day finally comes, our attorneys, witnesses, jurors, and clerk will prove flawless. This year's team certainly was, with Lincoln victories over both Marshall and School of the Arts. All of their trials were extraordinary, garnering much pride from their teacher, Ms. Flannery. Presenting their case with confidence, power, and a little humor, this year's Mock Trial team is undoubtedly one of the greatest that Abraham Lincoln has ever seen.

The players take a quick breather while they receive some words of advice from Coach Carl Jacobs during a time-out.

Boys Varsity Basketball

Hard work. Coming home exhausted. Perseverance. Am I talking about how hard we all work at school? No way. I'm talking about the Boys Varsity Basketball team. These guys would practice from sunup to sundown if they could. As it is, they have to settle for after school to long past sundown. And it pays off. Long known as one of the best basketball teams in the city, Lincoln's Boys Varsity has only grown stronger. Now, with another winning season under their belts, the team is already working toward and looking forward to next year's winning season.

"Losers lose because they do things that winners won't do and that's giving up", says senior Ikheem Rhodes.

Stepping into Action

Watch out! The Lady Mustangs are coming! With everything from cross-overs to jumpers, they're lighting up the score board so fast, managers at the table can't keep up. The team isn't equipped with the tallest girls in the league, but these athletes prove that size doesn't matter. Although they may be small, they're quick on their feet. Entering each game as the underdog, these ladies show the crowd that pure talent, passion, and drive for the game is all they need!

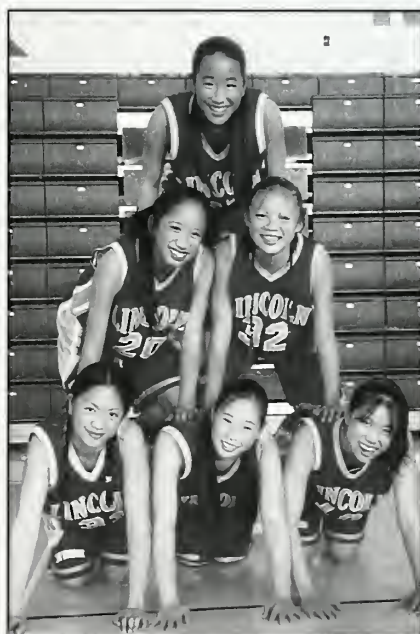

The three musketeers of 2003!

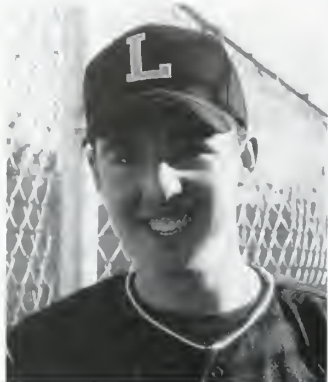

Stepping onto the Court

Mad crossovers. Touch passing. Four point plays. Fast breaks. Swats, picks, steals. What do they all have in common? They're all associated with the Lincoln J.V. Girls Basketball team. This tremendously skilled squad dominates the court with their presence outscoring opponents and bringing home victories. Although sometimes an opponent may get away with a lucky win, these girls always pull together, knowing that whatever adversities are thrown their way, they will always emerge triumphant, as a team.

Josh Pasos - "As the flower blooms, and the mustang gallops, Lincoln baseball plays hard!"

Michael H. - "Lowell...Who?"

Mike Silk - "kill 4 fun"

Rich Brillhart - "!!!!!!!"

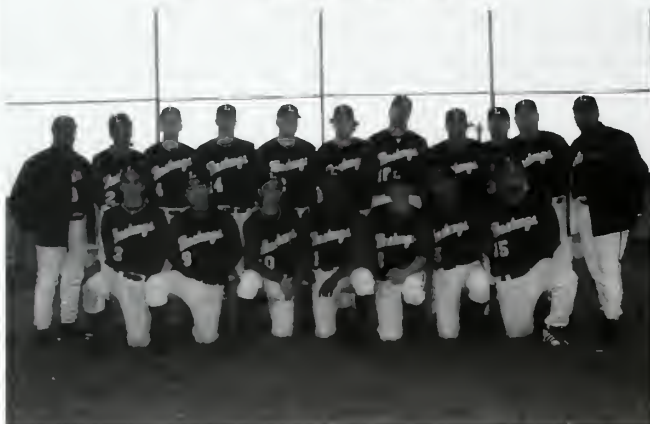

Steppin' Up To Bat

Daniel Morales - "Go hard or go home!"

Takafumi H. - "Play as a team and we'll come out victorious."

Steerike! Safe! Out! We all know and love these words, because ever since the time we were little we've associated them with one thing: baseball. This year's Mustang Varsity Baseball squad was relatively young, but extremely skilled. Pitching, fielding, bets, they've got it all. With so much skill now, imagine how awesome they'll be next year. So make sure you get out there to support your Mustangs Varsity Baseball Team before they're going going gone.

Josh Loret De Mola - "Baseball is a sport of the mind, and mind you, I mind baseball!"

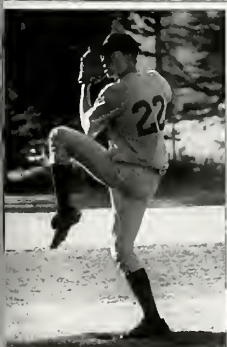

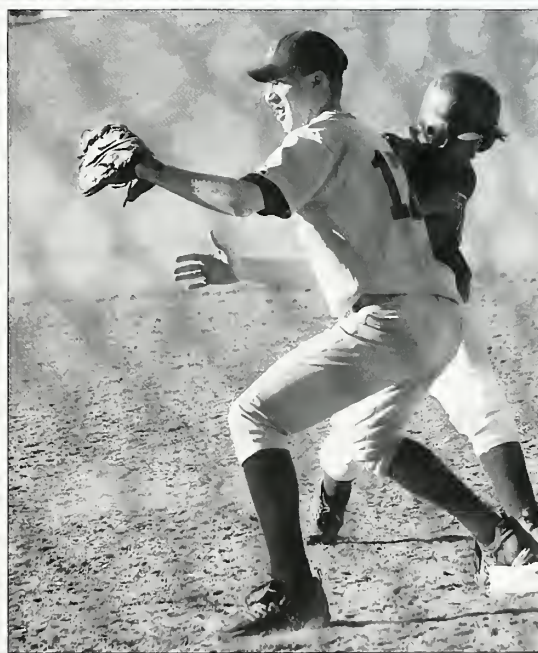

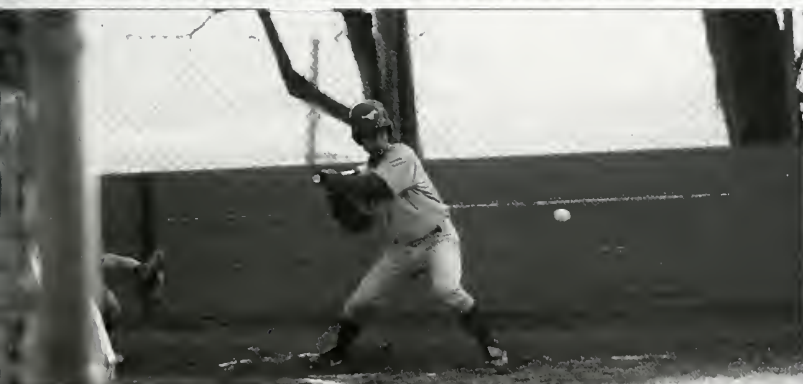

Daniel Goodman - "Hard work is a key to victory."

Stepping Into the Ring

The Gym is empty, but minutes ago it was full. The floor is dry, but minutes ago it was wet. The room is quiet, but minutes ago the crowd was roaring because minutes ago, the Lincoln Mustang wrestlers were engaged in a titanic battle, exerting incredible amounts of strength and energy to overcome foes. This tremendous squad is composed of the most buff and powerful boys and girls in the school. The mustangs are proud of their wrestling team and know that victories will be pinned down year after year.

One step closer to home plate

The bat swings... the ball flies! Sailing through the air to the crowd's cries. Around the bases the runner speeds. While the ball lands in a sea of grass and weeds, a hand grasps the orb and hurls it towards home plate. The stands are silent as people eagerly wait. Ball and runner arrive. "Safe! It's the winning run!" And the Mustang Softball team cheers as another game is won.

Cross Country

The ALHS cross country team finished its season in the fall with amazing results due to the hard work and dedication put in by the runners and the incredible leadership of veteran runner Coach Robert Eap. The team practiced 6 days a week, running various courses throughout the Sunset District and training on the track with challenging interval workouts. The perfect combination of good hearts, high spirits, and perseverance paid off in the end when the team broke Lowell's eight year winning streak, with the Frosh-soph team taking first place, the varsity girls taking second, and the Varsity boys taking third at the All City Finals.

"Here birdie, birdie, birdie!" Okay, so the girls on the Lincoln Badminton Team don't really say that; but then again, they don't have to. Their racquets always seem to be able to find the little flying projectiles, no matter what happens. Maybe you think you're good after you did badminton in P.E., but the sad truth is, these gals can probably smear you all over the court without breaking a sweat. So show some respect for these "Madams de Badminton," and keep working on those bird calls.

Look at that birdie soar!!

Are you ready guys ready???? Here comes the birdie!

The group of eight can be spotted cracking jokes and throwing insults at one another, while always encouraging each other. With the help of their great coach, Mr. Woods, their season should turn out to be more than successful.

"Got tennis?"-Diego Melo

"It's a Bug's Life."-Tim Lee

Sampras. Agassi. Roddick. OK, while none of these guys are Lincoln alumni, they do have something in common besides being great tennis players: they will soon fall before the invincible rackets of the Lincoln Boys Tennis Team. Our team is so awesome that the pros are quaking with terror of the thought of our players graduating and entering the professional circuit. Soon, new homes will be known amongst the gods of pro tennis: Lee, Diego, Alvin, Yifan, Fekson (to name a few). And as these Mustangs ravage everyone in their path, leaving crushed spirits in their wake, only a few words will make it past the lips of the defeated; "We were annihilated by Lincoln Boys Tennis Team..."

Girls Tennis

Here is the hard working girls tennis team of the 2002 Fall season. They have worked long, hard hours to perfect their strength, endurance and consistency, hoping to lead their team to victory. They would like to honor their coach, Greg Simmons, by thanking him for inspiring them to accomplish more than what they believed was possible. This has truly been a memorable year for both the coach and the team.

Kickin it Closer to Victory

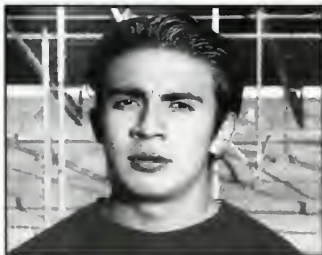

Brendan Cadam- "Soccer players are sexy."

Stan Sitov- "It's not about how good you are, it's about how bad you want to win."

Lee Fu Sun- "We are number 1, 2 is not a winner and 3 nobody remembers."

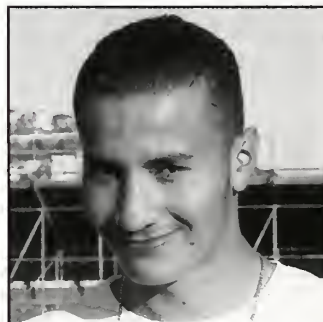

Gilmar Torres- "I'm like Maradona."

German Pinhasov- "Soccer teams got balls."

The Mustang soccer team ended their season as the best soccer team in the city with a spectacular record. After a couple of agonizing losses near the end of the season, the mustangs bounced back to achieve glorious victory in the championship game against Mission High, overwhelming them with the massive power of their balls.

Salvador Valasquez- "Soccer is like no other sport."

Gabriel Corey- "With so many great players on this team, we were unstoppable."

Milton Navarette- "I am proud to play for Lincoln."

Julian Digilov- "You could accomplish anything you set your mind to, and we did!"

Mikhail Shapiro- "First time ever we made history. I'm proud being on that winning team."

Robert Thach- "We had a great season and I hope we do it again next year."

Robert Zhou- "Go Mustangs!"

Run Aurora Run!!!! show them what you got!

A flaming projectile sizzles across the field. A meteor? It streaks past on outstretched hands and is halted by a net. Screaming erupts. GOOOOAAALLL! It wasn't a meteor, just a soccer ball flying through the air after being kicked by one of the Mustang Girls Soccer team players. This year's team consisted of rookies, but returning veterans filled them with the fiery championship caliber spirit that drove last year's team. The Mustangs are immensely proud of this year's soccer girls.

This year's Varsity Football Team faced their season with perseverance, determination, and aggression. Their season of 3-6 was one of the most successful seasons they have had in recent years. Unexpected injuries caught the team off guard, but with the outstanding efforts from Team Captains, Alex Galang and Alex Hannon, the team was able to make amends for the loss of their quarterback Jack Cooney with an outstanding replacement, Rich Brillhart. The coaching staff consisted of Coach Ferrigno, Baxter, Daley and Parrish. They boys were unable to win the Bell Game, but they were able to finish their season strong with two straight wins against Burton and Marshall. Coach Ferrigno concluded that during the season, "the seniors showed great leadership and were instrumental in building the program."

1) Woo... check out those guns! 2) Coach's Award recipient, outside linebacker, Mike Silk (14) and Season M.V.P., Q.B. Rich Brillhart. 3) Doesn't the offensive line look impenetrable? 4) Looks like it was a long and tiresome game.

A white streak flies over the net. She dives! Misses! The crowd roars and it's another point for the Mustangs! The Lincoln Girls Varsity volleyball team compiled an awesome 9-1 record (10-2 overall), going all the way to the city championships and having four of their own named to the elite All-City squad. Comprised of experienced seniors and juniors, along with a few outstanding underclassmen, this year's team was yet another superb bunch of girls. Now, as the seniors are departing with fond memories, the remaining players must prepare to once again take the court, set to kill.

Silence falls. The ball rises and gently drops back down, only to be intercepted by a hand arcing through the air. ACE! The crowd comes alive and the stage is set for yet another Mustang victory. The Girls Frosh/Soph volleyball team had a wicked year, wrapping up the season with a 6-2 record. They went into games aggressively, destroying their opponents with their strong offense and beating most in only two sets. Preparations are already underway for next season in which the returning players are expected to be better than ever.

Diggin' up the Gold

Have you ever jumped with moon boots on? Or jumped on the moon? Remember how high you got? Well that's how high the members of the Abraham Lincoln Boys Volleyball team get when they go up for a block or spike. That's one of the many reasons why our guys volleyball team is so grr-eat! In addition, they've got great leadership, can serve right on a dime, dive like dolphins, and have a defense that can break diamonds. With all these skills, it's amazing that our Boys Volleyball team isn't the best in the entire city! Oh wait! They are! Ha ha ha! And the beat goes on...

Stepping Into the Pool

SPLASH! The Lincoln swimmers are warmed up and ready to win another match. These incredibly dedicated athletes wake up every morning at the break of dawn, so that they can get some practice in before school starts. After school its the same thing. All of that practice really shines through when it comes time for competition. Finely tuned bodies enter the pool and glide through the water at amazing speeds, leaving their competition in the dust.

On Track To Victory

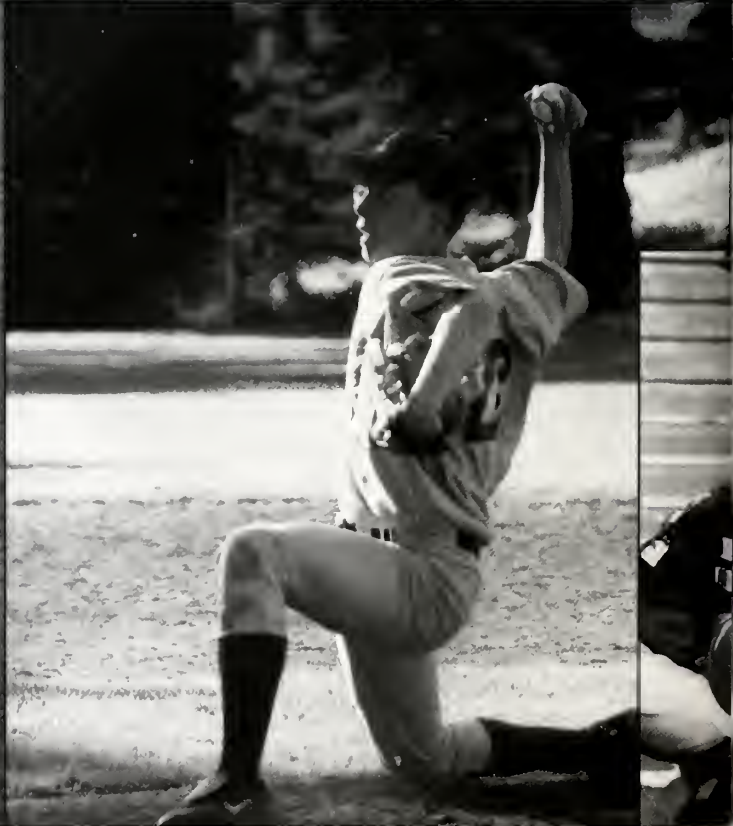

Jumping off the line. Everybody watching. Running as fast as you can. Eyeing your opponents. Making that extra burst of energy....Yes! Triumph! And there to congratulate you are your teammates from the Abraham Lincoln High School Track Team. Much efforts went into making this year's team as good as it was. Lincoln runners spent hours training their bodies for maximum performance. Indubitably all this hard work led to many victories. Now runners are working hard for next year. Days go by and the time until next race draws closer, but the mustangs will be ready to win. Again.

Steppin' into Tune

You are walking by the end of the art wing and you hear faint music. You keep on walking and the music becomes louder and more distinct. You begin to wonder.. "Where is that beautiful melody coming from?" Well the answer is simple: Room 177. The schools' orchestra room. In this room approximately 130 students practice year-round for the school's winter and spring concerts. Their hard work and perseverance never fail to deliver a good show every year!

Guys and Dolls

It was the singing, dancing, event of the year. The Producers? Hardly. Chicago? Don't make me laugh. No, it's Guys and Dolls, the musical chock-full of singing, music, and superb acting. Full of the greatest looking costumes and performers ever, the best songs anybody has heard in the course of history, and acting that could fell an ox. Guys and Dolls was undoubtedly one of the greatest performances that has ever been put on at Abraham Lincoln High School.

Most Memorable Moments

Can you believe how young we all look? It's hard to imagine that it was once us who were the youngest in the school and looked up to the upperclassman as we impatiently wondered when the day would come when we'd all graduate. Time has gone by fast, and it seems like these pictures were just taken yesterday. The end of freshman year left us closer to sophomore year...

A year that went by just as fast as freshman year. We were called the "Spunky Sophomores". Class sponsored events like ice skating night and the picnic at Golden Gate Park provided the extra curricular fun that balanced the constant talk of colleges and post High School plans that slowly started to creep as we were all pressured to try our hardest academically this year and the following year...

The most stressful and hardest year in High school, yet for many it was also the one that brought on the most changes, liberations and independence. Many got jobs, paying and volunteer, while others got their drivers licenses and went out more often and later. By now it was clear who hung out with who and who would always be there. This built the transition to the last part of High School, Senior Year. It's kind of scary to think that four whole years have gone by and that we are now at the very top of our high school years. Evidently we all have changed, grown and matured from the tiny freshmen we once were.

Although time has gone by and brought about changes in our images and personalities, we are all still bound by the common tie. That is that the past four years that we have spent here have been by far the most fun and memorable times of our lives. From our unforgettable high school experiences, we have learned many lessons that put us steps closer to being able to fearlessly go out into the real world on our own.

A.R.K

Star Search. American Idol. Are You Hot? Talent shows. Okay, well, maybe not that last one, but the point is, we love watching people show off their unique skills. If they're not any good, well, who cares? At least it was funny. And then comes the inevitable thought, "I could do that soooooo much better." Although you're probably wrong, there actually are people at this school with real genuine talents. So the next time you see one of these people, just yell "Hey (insert name here)! Give us a show!" Then sit back and enjoy, whether you're amazed, or rolling on the floor, laughing at your friend's "skill".

Love

So dry, like torrid desert sand pouring
down my throat -
It strangles me, embezzling away my
breath,
The intense burn draws blood...
Sour red, streams down my cheeks
instead of salty clear,
I can barely see, not even what this love
has done to me...
It's bruising me, wounding, scarring,
And blaming ME...
So careless towards me,
It taunts me with visions of streams,
In its scorching humidity -
Drugging my mind with an illusion bliss
Then laughing opulently...
Foolishly, I'm still craving desperately,
For at least a speck of ecstasy...

Oblivion

Seeing his dark shadow,
 laying beside hers.....
 Made the big crush, slim.
 Feeling the brother, within him.
 All the nerves, and anxiety slowly die.
 And now, she just wonders if the only thing
 love did -
 was lie.
 For the world never shows you, its true face.
 Waiting, waiting for you, to find it within your
 heart.
 Now, she just awaits for her true place.

True Friends

To me, true friends are
 the ones who help you out
 no matter what.
 A true friend has an equal heart.
 That friend can teach you many things
 like
 rollerblading or helping
 out in the library.
 And no matter what comes your way,
 A true friend with a heart of gold...
 is there no matter what.

MESSAGE TO THE CLASS OF 2003 FROM THE P.T.S.A.

June 2003

Congratulations, Lincoln High School Graduates!

The Parent Teacher Student Association (PTSA) joins with your families, friends and teachers in acknowledging your achievements and wishing you a bright, fulfilling future. We hope you will look back with fond memories at your Lincoln years and treasure the friendships developed here. The world is a large and wonderful place with many decisions that you will need to make. While the challenges may seem immense and the path uncertain, your academic, mental, and physical education at Lincoln has given you the foundation to pursue your future with confidence.

The PTSA has been proud to provide and sponsor many worthwhile programs, including Back-to-School Night, Financial Aid Night, Summer Job Youth Fair, STAR 9 testing, and the Annual Fundraising Drive. Your accomplishments greatly encourage us to not only continue and improve these programs, but also explore new programs for your fellow students.

As a graduate of Lincoln, you are always welcome to join the PTSA and/or the Lincoln Alumni Association. As a graduate of the school, your participation is invaluable in planning future programs for your fellow students.

On behalf of the PTSA, best wishes for a successful and rewarding future!

We had our share of laughter
We shed the tears of sorrow
We look back on yesterday
And walk on for tomorrow
We've been by each other side
Through the joy and the pain
You've been my sun in the day
And my umbrella through the rain
And I thank you...
